About

Do you want to expand your knowledge as well as gain practical experience in the area of business and management? Then apply for the Master in Management programme in Prague.

The full-time Master's Programme in Management provides students with a comprehensive business education to make them fit for starting a career and assuming responsibility in the fast-changing environment of global management tasks. The study field is suitable for students with analytical thinking who are interested in the business environment with an emphasis on management.

Each student of the programme also chooses a Minor Specialization according to their preference: Marketing or NextGen Consulting. The graduates can participate in executing economic and managerial functions at mid-management levels in companies and other institutions where business management education is expected. They mostly start their careers at industrial enterprises, enterprises operating in the energy sector, transport and storage, trade and services or consulting firms.
